

DANNY LIPSITZ AND THE BRASS TACKS

Danny Lipsitz and The Brass Tacks bring boutique live music to upscale weddings and private events that demand an **elevated and effortless** music experience. Orchestrated from a curated ensemble of musicians deeply versed in a **full century of popular music**, The Brass Tacks move fluidly from swing and jazz to rock 'n' roll, klezmer, funk, and pop, shaping the energy of the room in real time and **supporting the flow of the event**. Fully self-contained and turnkey, **all that's needed is a power outlet, the address, and your trust**.

The band works regularly at high-profile venues like **Lincoln Center, Rockefeller Center, Cipriani, Aman**, at events for **The United Nations**, events for the likes of **Amal Clooney** and **Stanley Tucci**, and in spaces around the world. With nearly 200 performances a year, The Brass Tacks are highly **streamlined, sensitive to requested volume** levels, and **self-sufficient**, providing consistency and **eliminating the need to engage a sound, rental, or AV company**.

The Brass Tacks have developed a **captivating and deeply personal style** that cannot be replicated by larger, commercial entertainment companies.
